### **Future Fund appoints Investment Director, Equities**

Elspeth (Elly) Lumsden has been appointed as Investment Director, Equities reporting to the Future Fund's Chief Investment Officer, David Neal. Elly will be responsible for building and managing the Fund's external active equity manager portfolio.

Elly joins from Victorian Funds Management Corporation (VFMC) where she was Investment Director, International Equities. Previously she held roles in London and Melbourne with Northern Trust Global Advisors, AXA Multimanager and William M Mercer.

David Neal, Chief Investment Officer of the Future Fund, said Elly's appointment further strengthened the growing investment team.

"We are thrilled to welcome someone of Elly's calibre to the investment team. We've made good progress in starting to build our strategy, private and public markets teams and remain focused on attracting the highest quality people who bring both expertise in specific areas and the ability to contribute insights across the entire portfolio."

Elly will start work with the Future Fund in December.
