Managing Director to leave the Future Fund

Mr Mark Burgess, Managing Director and President of the Future Fund Management Agency, has informed the Board of his intention to leave the organisation.

The Chairman of the Future Fund Board of Guardians, Mr David Gonski, expressed his thanks to Mr Burgess for his role in guiding the Agency and the support provided to the Board during his time with the Fund.

“Mark has played an important role in leading the Agency through its next stage of development and in the implementation of a number of important initiatives. I respect Mark’s decision to return to the private sector at this time and we look forward to announcing a replacement to his position as the Fund enters the next phase of its development.”

Mr Burgess said, “I appreciate the support I have received from the Board and my colleagues in the Agency and the areas that we have been able to develop in my time with the Fund. With recent strong performance and the Fund now fully invested, I have decided to return to the private sector to bring my experience to that field.”

Mr Burgess joined the Agency in 2011 and the Fund has grown from \$75bn to over \$89bn today. Total assets managed by the Agency exceed \$100bn.

Mr Burgess will remain in his role to facilitate a smooth transition to the new leadership of the Agency.
